

Main Electrical Training

City and Guilds 2377- 002 Portable Appliance Testing

It is the duty of every employer to ensure that all electrical equipment presents no danger to employees or visitors. This City and Guilds course is designed for electrical engineers who have a responsibility for the maintenance and testing of electrical equipment. It is also ideal for people who wish to offer their services to letting agents / landlords who ideally should have their equipment for their tenants inspected and passed by a qualified person.

- Course Content:
- Fixed electrical installations.
- The Electrical Test.
- Procedures for in service testing.
- Test instruments,
- Types of inspection and testing.
- Formal visual inspection.

This one day course includes the examination which is an online multiple choice, you will know your results the same day

The course is held at our Watford training centre ideally located for London and the Home Counties.

Courses dates for 2009 confirmed are 30th January, 20th February and 20th March

The course cost is £165.00 plus VAT per delegate, to which you may either book securely online at <http://www.mainelectricaltraining.co.uk/booking/>

or telephone 0800 0431962 to reserve your space.
